BEFORE THE

FEDERAL COMMUNICATIONS COMMISSION RECEIVED

WASHINGTON, D.C.

NOV 1 9 1998

In the Matter of)	OFFICE OF THE SECRETARY
Amendment of Section 73.202(b), Table of Allotments, FM Broadcast Stations.)))	MM Docket No. 96-232 RM-9420
New England, North Dakota)))	

To: Chief, Allocations Branch, Mass Media Bureau

PETITION FOR RULE MAKING

High Plains Broadcasting, Inc. ("HPBI"), by its attorneys and pursuant to Section 1.401 of the Commission's Rules, respectfully requests that the Commission institute a rule making proceeding to allot Channel 239C to New England, North Dakota.

As set forth in the attached Technical Exhibit, which is incorporated by reference herein, this proposal will serve the public interest. The allotment of Channel 239C to New England, North Dakota, will provide that community with its first local aural transmission service. New England, a census designated city of 663 persons, see 1990 Census of Population and Housing, North Dakota at 40 (1993), is located 24 miles south of Dickinson. The community, which elects its mayor and city council and has its own zip code (58647) and post office, also is the site of the New England Public School and the New England Public Library. Commercially, New England has a number of business enterprises, including New England Creamery, New England Drug, a Farmers Union Oil Company, a bank and a credit union, at least four insurance agencies, two auto shops, a hair stylist, and a retail grocer. New England has two clinics -- the New England Clinic and the Rainy Butte Medical Clinic. At least

three religious denominations maintain buildings and services in New England, including Our Redeemer's Lutheran Church, St. Mary's Catholic Church, and an Assembly of God congregation. In addition, New England has its own social organizations, including a Knights of Columbus chapter, a Lions club, a 4-H organization and a Little League. Under Commission precedent, the presence of these civic, business, religious and social indicia demonstrates that New England is a community deserving of its own aural transmission service. See, e.g., Report and Order (Hannahs Mill, Milledgeville and Perry, Georgia), 6 FCC Rcd 3753 at ¶ 9 (1991). That the local phone book has a section entitled New England confirms this result. See attached.

The above proposal would enable New England to obtain its own FM broadcast service and would provide a means of entertainment and information for its residents. If the above proposal is approved, it is HPBI's intention to apply for the above allotment promptly and, once granted, to implement construction as quickly as possible. Accordingly, it is respectfully requested that the Commission issue a Notice of Proposed Rule Making as herein requested and thereafter adopt such a proposal.

Respectfully submitted,

HIGH PLAINS BROADCASTING. INC.

HOGAN & HARTSON L.L.P. 555 Thirteenth Street, N.W. Washington, DC 20004-1109 (202) 637-5706

TECHNICAL EXHIBIT
IN SUPPORT OF A
PETITION FOR RULE MAKING
TO AMEND THE FM TABLE OF ALLOTMENTS
NEW ENGLAND, NORTH DAKOTA

Technical Narrative

This technical narrative and associated exhibits have been prepared in support of a Petition for Rule Making to amend Section 73.202(b) by the allotment of channel 239C (95.7 MHz) to New England, North Dakota.

Proposed Change in Table of Allotments

It is requested that Section 73.202(b) be amended by the allotment of channel 239C to New England, North Dakota. New England is located in Hettinger County, North Dakota and has a 1990 U.S. Census population of 663 persons. New England has no local FM stations and no local AM stations. Therefore, Petitioner's proposal would be a first local FM broadcast service and first local aural broadcast service to New England. The proposed changes are as follows:

City		Present	Proposed
New England,	North Dakota		239C

The proposed channel 239C reference point is located 236 km from the nearest point of the U.S.-Canadian border; therefore, coordination with Canada may be necessary.

Page 2 New England, North Dakota

Compliance With FCC Rules

The attached Figure 1 is a tabulation of required separations pertinent to use of channel 239C at New England. As shown, the reference coordinates comply with the Commission's minimum distance separation requirements contained in Section 73.207 with respect to all existing, authorized and proposed stations and allotments.

Figure 2 is a map showing the area to locate channel 239C at New England in compliance with the Commission's minimum distance separation requirements and city coverage requirements based on minimum Class C facilities (ERP 100 kW/HAAT 300 m). The New England city limits shown on Figure 2 were obtained from a map contained in the 1990 U.S. Census of Population.

Conclusion

Channel 239C can be allotted to New England, North Dakota in compliance with all applicable Commission Rules.

DECLARATION OF MICHAEL HALL

- I, Michael Hall, declare as follows:
- 1. I am President of High Plains Broadcasting, Inc. ("HPBI").
- 2. HPBI intends to apply for a construction permit for the channel requested in the attached Petition upon adoption of the proposed rule making.
- 3. If awarded the construction permit, HPBI will promptly construct and operate such facilities.

I hereby declare under penalty of perjury that the statements made in this declaration are true and accurate to the best of my knowledge, information and belief.

Michael Hall

Executed this 18^{+6} day of November, 1998.
